**** Notice of Joint Technical visit in Hong Kong ****

**Title: Technical Visit to the Hong Kong – Zhuhai – Macao Bridge
on 1 September or 8 September 2018 (Saturday) (To be confirmed later)**

The Hong Kong – Zhuhai – Macao Bridge (HZMB), being situated at the waters of Lingdingyang of Pearl River Estuary, is a large sea crossing linking the Hong Kong Special Administrative Region (HKSAR), Zhuhai City of Guangdong Province and Macao Special Administrative Region.

It consists of a Main Bridge in Mainland waters together with the boundary crossing facilities and link roads within the three places. The functions of the Bridge are to meet the demand of passenger and freight land transport among Hong Kong, the Mainland (particularly the region of Pearl River West) and Macao, to establish a new land transport link between the east and west banks of the Pearl River, and to enhance the economic and sustainable development of the three places.
