

THE ROYAL
INSTITUTION
OF NAVAL
ARCHITECTS

JOIN A GLOBAL NETWORK OF MARITIME LEADERS

ACADEMIC PARTNERSHIP

For universities and recognised maritime education providers.

Support students and staff, strengthen links with industry and raise the profile of your teaching, research and accreditation.

VISIBILITY & CREDIBILITY

Strengthen your institution's international profile through association with RINA and its global professional community.

- Receive an official RINA Academic Partner Certificate and Crest to demonstrate your partnership with RINA.
- Receive a welcome announcement in the Global Partner Newsletter and on RINA's LinkedIn page when your institution joins the Academic Partner network.
- Receive a dedicated listing in the RINA Global Partner Directory, with a direct link to your institution's website.

ACADEMIC & INSTITUTIONAL SUPPORT

Support the professional development of your academic team and strengthen the recognition of your institution's programmes.

- Receive complimentary RINA membership for your institution's main liaison.
- Receive first-year complimentary membership for academic staff joining RINA as new members.
- Access discounted fees for university programme accreditation through RINA.
- Promote academic, research and professional vacancies within your institution through the RINA Jobs Board.

STUDENT DEVELOPMENT

Help students build professional connections, develop their skills and prepare for careers in the maritime sector.

- Provide complimentary membership for all undergraduate students.
- Give students opportunities to participate in RINA's Student Ambassador Programme and STEM initiatives.
- Connect students with professional networking, the RINA Mentoring Scheme and career opportunities before graduation.

ACCESS & NETWORKING

Connect students and staff with RINA's global community, events, networks and professional spaces.

- Receive discounts on selected conferences, sponsorship and exhibition opportunities, including 50% off at the annual Naval Architect Membership Event.
- Access preferential rates for hosting relevant events at RINA's London headquarters.
- Get access to RINA's global Branches events and networks, both in person and online.

INNOVATION & RESEARCH

Share academic expertise, showcase research and strengthen connections between education and industry.

- Showcase your research and submit technical papers for consideration in RINA's journals.
- Receive a spotlight in The Naval Architect, showcasing your institution, research or achievements.
- Work directly with RINA to co-host webinars, joint research showcases and technical events.
- Build connections between your researchers and industry through RINA's STEM activities, partnerships and professional network.
