The Royal Institution of Naval Architects
Design, Construction & Operation of LNG/ LPG Ships
5 December 2018, Athens, Greece

Call for Papers

The Royal Institution of Naval Architects invites papers from naval architects, builders, class societies, operators and researchers on all related topics, including:

- Design of larger capacity carriers,
- Design of shortsea and coastal carriers,
- Design for greater flexibility to cater for spot market trading,
- Novel trading routes: Arctic and beyond
- Floating storage, re-gasification and processing,
- Optimisation of power plants
- Issues associated with partial filled tanks
- Reliquefaction
- Ship to ship transfer systems
- Conversions

Selected papers may be published in the Transactions of the Royal Institution of Naval Architects

www.rina.org.uk/LNG_LPG2018

I would like to offer a paper and attach a synopsis of no more than 250 words

Please submit your abstract before 13th August 2018

I wish to receive details on exhibition space and sponsorship opportunities

I would like to receive a full programme brochure and registration form
