Application Form

All applicants are required to complete all sections of the Application Form and sign the Declaration in Part 2. The application should be typed or completed in Block Capitals.

Academic Qualifications

Photocopies of academic qualifications need not be enclosed unless requested.

Professional Review Report

Applications should be accompanied by a detailed Professional Review Report of the applicant's professional development since completing their educational base. The report should describe in detail the positions held, and the training and experience gained in the areas of *design, engineering practice* and *management services*. The report should also include activities which contribute indirectly to professional development, such as attendance at training courses and conferences, participation in institution activities, presentation of engineering papers or articles, etc.

The Professional Review Report should be written in chronological order, typed on A4 and be between 3000 and 5000 words. Diagrams and photographs may be included in amplification of the written report.

The reports of candidates for transfer or election to Fellow need only cover the previous five-year period. Reports of associate members who have completed an accredited or approved company or individual training scheme need only cover the positions held and responsible experience gained in those positions.

Further information is contained in the RINA publication *Guidance on the Professional Review Report*, which is available online or from the Membership Department.

Proposers

Candidates should normally be proposed by two members who are Fellows, Members or Associates, and to whom the candidate is personally known. Where the signatures of members cannot be reasonably obtained, the application may be proposed by persons in positions of responsibility who can verify the information provided.

The application form and Professional Review Report should be forwarded to:
