The 2017/2018 season has been another successful year for the RINA London Branch, with reasonable attendances at presentations.

Since the last AGM, there have been thirteen (13) events before today. Hopefully the topics covered the various interests of our membership. Details of all of the presentations delivered are on the reverse of this report.

The meetings were held at Lloyd's Register, ABS and on the HQS Wellington in conjunction with The Honourable Company of Master Mariners.

The RINA London Branch wishes to thank Lloyd's Register, ABS and the Honourable Company of Master Mariners for their support in providing venues for the Branch meetings.

This season we held a networking event at the Chatham Historic Dockyard in October.

The total number of attendees at all events in the past twelve months, before today, is 365. The average number of people therefore attending the events has been 28.

During this season the Branch has increased the number of Email addresses on our circulation list, to enable the Branch to keep people informed directly about the Branch meetings. The Branch Council has tried to ensure effective targeting of our advertising posters by keeping their distribution list under continuous review and we also continue to publicise our meetings on the RINA website

The Branch has again continued to issue certificates of Continuing Professional Development upon demand for those attending presentations
